

The Brandon Regional Health Centre Foundation presents...

THRIVE

CONFERENCE 2025

SPONSORSHIP OPPORTUNITIES

May 8, 2025

| Brandon, MB

ABOUT THE FOUNDATION

The Brandon Regional Health Centre Foundation was founded in 1980 by a group of forward thinking hospital Board members. John E. Harrison, along with Edward Shultz, Kenneth Bicknell, and Myron Magee, set out to establish a non-profit, registered charity, whose purpose was to augment funding for quality healthcare that would benefit everyone served by the hospital.

The current mission, “To raise funds to support healthcare needs in the regional community”, is the enduring legacy of this incredible foresight.

In the 2023-2024 year alone, over \$1.5 million was raised to purchase equipment, fund programs, services, and more. Most recently, The Brandon Regional Health Centre Foundation launched A Foundation for Care, a new capital campaign to support the Brandon Regional Health Centre (BRHC) expansion project currently underway.

A Foundation for Care has the goal of raising \$2 million by end of 2025 to support the construction of the BRHC’s new Critical Care building, along with needed equipment. Once completed the project will feature:

- A new 16-bed Intensive Care Unit on the main level.
- Approximately 30 additional medical beds on the 2nd level.
- Mechanical space on the 3rd level.
- And the 4th level will be shell space for potential future expansions.

The 2025 Thrive Conference will help support the new critical care building while also providing an opportunity for our regional health care workers to learn, network, grow, and thrive.

ABOUT THE EVENT

Welcome to the Thrive Conference, a revitalizing half-day event dedicated to supporting and inspiring our regional healthcare workers. In these challenging times, it's easy to lose sight of the passion and motivation that originally drew many to the field of healthcare. Thrive is designed to reignite that spark and provide a supportive environment for professionals navigating the complexities of today's healthcare landscape.

Join us for an enriching afternoon featuring dynamic keynote speakers who will share insights on overcoming the obstacles faced in healthcare, rediscovering your professional passion, and fostering a positive and resilient work culture within your team. Our resource booths will offer valuable tools and information, while ample networking opportunities will allow you to connect with peers and build a supportive community.

In addition to benefiting from expert advice and networking, your participation helps a greater cause. All proceeds from Thrive will support our current capital campaign for the new critical care building. Funds raised will be directed towards essential equipment and infrastructure needs, ensuring that our healthcare facilities continue to provide top-notch care to those in need.

MEET OUR SPEAKERS

Deri Latimer

Author & TEDx Speaker, Resilience & Wellbeing Expert

A TEDx Speaker, Author and Organizational Consultant, Deri's message is based in research and grounded in practicality. Combining the wisdom from neuroscience and positive psychology with the experience of living in a complex world, Deri inspires us all to create happy and healthy places for people to work and live!
